

VetrofenTM

A graphic element consisting of three concentric, semi-circular arcs in shades of orange and red, positioned behind the letter 'o' in the word 'Vetrofen'.

For a Sound, Supple & Flexible Horse - FastTM

Love your horse. Love lifeTM

For the instant management of knocks, bumps or unsoundness. Great for use pre and post competition when under hard work!

Or used as a:-

2:1 superior alternative to maintenance products for joint and muscle flex and mobility. Delivers more effective results than any Devils Claw or Bute alternative for comfort and quality of life.

Nothing else compares with Vetروفен™.

Works like Vetروفен™.

Delivers results like Vetروفен™.

Vetروفен™ is a unique, patent pending proprietary blend of Scutellaria Baicalensis and Acacia Catechu botanical plant extracts, proven to have a quick and lasting effect like nothing else. Vetروفен™ is scientifically formulated from thousands of screened plant extracts to find natural compounds that aid the body in providing improved assistance from all types of wear and tear. The ability of Vetروفен™ to quickly aid the body in recovery from physical trauma is phenomenal.

**Powerful
dual action
formula**

**For home or
away a tack
box must!**

Vetrofen™

For a Sound, Supple & Flexible Horse - Fast™

Benefits of Vetrofen™

Vetrofen™ is a completely natural, powerful antioxidant which has been proven to be safe, without side effects for both short-term and continuous regular maintenance use.

So whether your horse has a slight knock or poor mobility and in need of comfort simply feed Vetrofen™.

For home or away... a tack box must!

“My vet and I could not believe the response in my horse to Vetrofen, a true innovation. The improvement in my horse’s injury was incredible and became sound so fast! Vetrofen did in hours what devils claw or bute alternatives would have done in a few weeks! We are very impressed and will certainly continue using Vetrofen throughout the season to improve their flex and mobility.”
