

Material Safety Data Sheet

Bio Bute

Date prepared: August 2008

IDENTIFICATION

Product Name: **BIO BUTE**

Chemical Name: Lotion

Manufacturer's Code:

UN Number: Not applicable.

DG Class: Not applicable.

Packaging Group: Not applicable.

Subsidiary Risk(s): Not applicable.

Hazchem Code: Not applicable.

EPG No. : Not applicable.

Poisons Schedule: Not applicable.

Uses: For relief of joint pain and relief of muscular aches and pain, by topical application.

PHYSICAL DESCRIPTION & PROPERTIES

Appearance: A clear, pale amber liquid
Insoluble in water.

Boiling Point: No data

Melting Point: Not applicable

Vapour Pressure: Not applicable

Volatiles: No data

Evaporation Rate: No data.

Odour: Perfumed – characteristic vanilla.

Vapour Density: No data.

Specific Gravity: 0.913 g/ml

Flash Point: >75 C

Flammability Limits: Not applicable

Other Properties:

Ingredients

Tea Tree Oil 4.25%

Eucalytus Polybractea 3.86%

Olive Oil

Vanilla

HEALTH HAZARD INFORMATION

Health Effects:

Acute: Swallowed: May cause mild gastric upset with nausea and vomiting.

Skin: Not normally a problem in this area. In rare cases, may irritate skin where sensitivity to Tea Tree Oil occurs.

Eyes: Mild irritant.

Inhaled: An unlikely route owing to the low volatility of ingredients.

Chronic: No data

LD 50: No data

First Aid: Standard first aid procedures apply:

If poisoning occurs, contact a doctor or Poisons Information Centre.

Swallowed: If swallowed, do NOT induce vomiting. Give a glass of water. Contact a doctor immediately.

Skin: If skin irritation occurs, wash skin thoroughly with soapy water – discontinue further use of product.

Eyes: If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

Inhaled: Remove from exposure.

First Aid Facilities: Recommended: None required for normal use.

Advice to Doctor: Contact Poisons Information Centre.
