

WHAT YOU NEED TO KNOW!

21st Century Technology Is Here!

Getting the edge in the racing industry is what owners, trainers and breeders want to achieve.

Whether it's repair of old or new injuries, the performance edge to be first past the post, or recovery and backing up, you need to know what's out there in the world of stemcell treatment (regenerative medicine).

Most people in the racing industry think there's a high cost the moment you start talking about stemcell treatments and technology.

This is no longer true!

For as little as \$200 you can use the latest and the greatest regenerative technology available anywhere in the world.

For **FREE** advice on stemcell treatments, procedures and protocols and the products now available call our professional team at Medivet. You will be amazed at the results.

MEDIVET CAN help!
