

## What is Vetrofen?

Vetrofen is a unique, patent pending proprietary blend of Scutellaria Baicalensis and Acacia Catechu botanical plant extracts, proven to have a quick and lasting effect like nothing else. Vetrofen is scientifically formulated from thousands of screened plant extracts to find natural compounds that aid the body in providing improved assistance from all types of wear and tear. The ability of Vetrofen to quickly aid the body in recovery from physical trauma is phenomenal.

## The Product

Vetrofen is a completely natural, powerful antioxidant which has been proven to be safe, without side effects for both short-term and continuous regular maintenance use.

## What does Vetrofen Achieve?

Vetrofen helps to maintain soundness and mobility using a powerful dual action formula dealing with the trauma associated with knocks and bumps whilst soothing joints, muscles, ligaments and tendons.

- Vetrofen gets to work on the stresses and strains of knocks and bumps fast. Works within hours not days, helping to get your horse sound, fast!
- Vetrofen is great to use pre and post competition for physical exertion support and flexibility in joints, ligaments, muscles and tendons.
- Vetrofen is fast acting and is perfect for the stresses and strains of heavy work or competition but also dentists and farrier visits or even post surgery.
